

TAGGAAATG

Sequence logo for the sequence TAGGAAATG. The letters are color-coded: T (red), A (green), G (orange), and C (blue). The logo shows the relative frequency of each nucleotide at each position. The first position is dominated by T (red), the second by A (green), the third and fourth by G (orange), the fifth and sixth by A (green), the seventh by T (red), and the eighth by G (orange). Below the letters, there are horizontal bars indicating the conservation of each position: a green bar under the first G, a red bar under the first A, a blue bar under the first T, and a blue bar under the last G.
